

"limited only by your imagination"

Acrylic COVID Protection Sneeze Guards

Because of the current demand for Acrylics Columns Plus has entered into this market to supply sheet and custom cut Acrylic along with our PVC Materials . Our first shipment will arrive in July and will be committed to production of Sneeze Guards to help fight COVID 19. If you or anyone you know requires Sneeze guards for their business we will be available for you.

Call us today to get quote,
reserve your protection and
price.

Sneeze guard sample shapes

Type A

Personal protection for counter tops and reception areas. Custom cut pass through openings that are ideal for nail salons, reception areas and desktops.

Available in many sizes from 24" to 36 wide and heights to 32"

Type B

Free standing with side panels for high traffic areas where personnel are exposed to contact from sides. Standard 9" sides but can be custom cut to fill any space.

Type C

This design is for restaurants, cafeterias, or any other area where many people collect for lunches, meetings etc. Up to 8 feet long and 4 feet wide, large tables can be divided into personal spaces.
